

מקט 1120.6, 1120.1

	CLOUD 230V	CLOUD 24V
Description	Chain actuator with push button control.	
Code	1120.1	1120.6
Dimension A	355mm	
Dimension B	34mm	
Dimension C	57mm	
Pressure and traction force	250N	
Track runs (can be selected at any time)	240mm 360mm	
Voltage	60Hz 230VAC	24V DC
Current consumption at nominal charge	0,180A	0,800A
Charge absorbed at nominal load	~ 30W	~ 18W
No load speed	13,5mm/c	12,8mm/c
No load duration	18s-27s	19s-28s
Double electrical insulation	YES	
Type of service	S2 of 3mm	
Adjustment in the closing	Autopositioning	
Limit switch stop at opening	At absorption of power	
Limit switch stop at closure		
Weight	0,845kg	
Protection index	IP30	
Working temperature	-5+65°C	

מנוע אורור 320V, 24V DC
